

PYR	Pallet / Pallet Truck, Truck / Lorry, Ramp
Ramp Type	Mobile
Distinctive Features	With its foldable tail feature, it allows use and maneuvering in narrower spaces. With a length of 10.50m, it is a practical product optimized for us. During shipping, its 8.50m length provides a more economical transportation cost.
Usage Area	Indoor/Outdoor Area-Field
Ramp Ground	Full Pressure Screw Notched Grid
Wheel Type	Cast Swivel Wheels
Capacity	6 / 8 / 10 / 12 / 15 / 20 / 25 TON
Maneuver Type	Forklift connection is fixed. Maneuvering is provided from the front through multi-directional front wheels. It can rotate 360° around its own axis in narrower spaces. Thanks to the direction lock system, there is one-way movement capability.
